WARM, TRENDY AND SUSTAINABLE

Stanley/Stella Jacket range is the first of its kind in the European imprint market, to **combine such a sustainable technology to a trendy level.**

Stanley Hikes and Stella Walks shell and lining are made of **100% recycled material, including 80% recycled PET** (coming from plastic bottles). Puffy effect and warm properties are brought by a polyester padding mixed with Sorona® (renewable sources fibre).

Also **Stanley Breaks** (p.192), **Stella Winds** (p.127) and new **Trek** (p.11) windbreaker's linings, shell and padding are made with **100% of recycled PET**. Soft even in terms of carbon footprint!

RECLAIMED AND UNIQUE

Reclaimed Cotton is about **collecting and recycling the cotton fabric waste**. And giving it a new chance. Back in the loop, reclaimed Cotton gives a unique aspect to canvas like in our Pencil Case (p.210), **Gym Bag** (p.211), **Shopping** and **Tote Bags** (p.212 and 213).

Made of 80% reclaimed Cotton, 20% polyester.

EASY-PEASY TEAR-OFF LABEL

Take a closer look at our garment tag.

Since Autumn Winter collection launch, Stanley/Stella items are sewn with a **tear-off label**.

It's now up to you to choose if you want to keep Stanley/Stella's identity... or not !

NEW SIZE LABEL

No more mirror effect on our new size tag!

Stanley/Stella now mentions both the European and American size equivalence instead.

AREN'T YOU COLD?

Feel the 350 GSM inner fabric.

The **heavy loop structure** is visible and **keeps the softness of the brushed fabric.**

Warm and comfy, try our **Stella Achieves** (p.100), **Stella Realizes** (p.99), **Stanley Trusts** (p.167), **Reach** (p.48).

/WE ARE

WE ARE SUSTAINABLE

At Stanley/Stella, sustainability is deeply rooted in our DNA.

There is, according to our philosophy, no other way to produce textile nowadays than with **full respect for People and the Planet.**

Soft, comfy, our raw material is natural, organic and certified.

Designed in Belgium, most of Stanley/Stella's collection is proudly made in Bangladesh, meeting **Fair Wear Foundation's** and **International Labour Organisation** conditions of labour.

OUR SOCIAL COMPLIANCE COMMITMENT

Stanley/Stella is only working with State-of-the art factories, which all strictly apply the Code of Conduct from the International Labour Organisation (ILO).

We ensure that workers are decently paid, that there is **no gender discrimination**, and also that **building and fire safety standards** are followed completely. A Stanley/Stella team of 15 persons in Dhaka has a daily control on these demanding requirements in each of our partners factories.

To help us to achieve our high social standards, we are an active member of the **Fair Wear Foundation (FWF)**, a Dutch independent organization aiming at improving workers conditions of labour in the garment industry worldwide. We are highly rated by FWF (Leader company) as they recognize our real commitment and the positive impact of our concrete local actions.

The eight standards at the heart of the FWF Code of Labour Practices include: employment is freely chosen, no discrimination in employment, reasonable working hours, no exploitation of child labour, freedom of association and the right to collective bargaining, payment of a living wage, safe and healthy working conditions and a legally binding employment relationship.

100% OF OUR COTTON IS ORGANIC CERTIFIED

Stanley/Stella is proudly associated with the following labels related to its use of Organic Cotton.

Gots: High-level standards, environmental criteria for textiles made from 100% Organic fibres

OCS 100: Certifies that the product is made with 100% Organic Cotton

OCS Blended: Applies to all goods that contain a mix of Organic Cotton blended with other fabrics such as recycled polyester, natural fibre like linen, Lenzing Modal® or Tencel®.

Health safety is also a big concern. Stanley/Stella goes for Oeko Tex that **controls and limits chemical use during the whole production process**. Oeko Tex is an independent testing and certification system for textile products.

Organic certified by CU 819434

Made with 100% Organically Grown Cotton Certified by Control Union Certification CU 819434

Made with 85% Organically Grown Cotton Certified by Control Union Certification CU 819434

Disclaimer: All our Cotton products are 100% Organic certified, most of them following the GOTS standard. But since all of our clients are not (yet) GOTS certified, our products do not have the GOTS logo on their inner labels. Please remember that if YOU are NOT GOTS certified, you CAN'T claim on your printed communication tools or website that your final product is GOTS certified.

SOFT, SUSTAINABLE AND PREMIUM RAW MATERIAL

Stanley/Stella fabrics are made of **organic or natural and sustainable certified fibres**, chosen with consideration for their contemporary style. Learn more about our other raw material.

Linon is one of the most ecological fibres. Produced with few fertilizers, using little energy or water while needing the minimum amount of textile dyeing process in comparison with other fabrics.

Lenzing Modal® is a regenerated cellulose fibre made from sustainable forest plantations of beech wood trees transformed into pulp and fibre. Lenzing Modal® is soft touch for the skin and easy to wear, without the need for ironing.

Tencel® is a fibre that comes from the pulp of trees (mainly eucalyptus) that are grown on sustainable run farms certified by the Forest Stewardship Council (FSC). The benefits of using Tencel® include the traceable and sustainable origin of the wood pulp, and the use of non-toxic chemicals and solvent in the fibre processing. In addition, Tencel® is a high-tenacity cellulose fibre, which gives high strength properties to the fabric. This results in a silky soft, perfectly smooth feel that gives a superb depth of colour.

The Recycled Polyester yarn comes from recycled PET bottles. 1kg of fabrics requires 35 bottles: for example, Stanley Breaks represents the equivalent of 7 PET.

WE ARE CREATIVE

It's your turn to express your creativity.
